## **Letter of Endorsement – Aircraft Services Group Inc.**

To Whom It May Concern:

Please accept this letter as endorsement of the excellent services provided by Aircraft Services Group Inc to both Air Harrods and Harrods Aviation over the past three years. Air Harrods is pleased to recommend ASG as an independent aircraft sales broker and helicopter management company.

Throughout our dealings with ASG, Mr George Reenstra, with his in depth knowledge of the helicopter industry has always been able to assist and advise on helicopter type suitability, availability and up to date realistic prices. George's high standing within the industry, along with his experience and sense of humour make working with him a pleasure.

Some of the achievements of ASG that I am personally aware of in recent years include the acquisition and subsequent management of a number of modern large civilian VIP helicopters. With their invaluable insight of the industry ASG assisted on the smooth acceptance and onward delivery of the first two examples of the largest corporate helicopters currently produced in world today.

Aircraft Services Group have also provided expert assistance with a number of helicopter deals with Air Harrods, ASG being uniquely positioned have found the ideal solution for our specific needs. As a non aligned and totally independent company ASG is able to give impartial and practical advice, unlike some companies that are firmly commission motivated.

In summary Air Harrods is delighted to endorse ASG as a broker and operator of helicopters worldwide. Please do not hesitate to contact me if you have any further questions.

Yours sincerely

Stephen Tierney  
Flight Operations Director  
Air Harrods Limited
